**RE: Duke Energy Carolinas, LLC's Affidavits of Publication  
Docket No. E-7, Sub 1230**

Dear Ms. Campbell:

Enclosed for filing in the above-referenced docket please find the Affidavits of Publication for the initial Public Notice related to the Application of Duke Energy Carolinas, LLC ("DEC") pursuant to N.C. Gen. Stat. § 62-133.9 and Commission Rule R8-69 for Approval of Demand-Side Management and Energy Efficiency Cost Recovery Rider. DEC published the notice in newspapers having general coverage in its service territory. Pursuant to the Commission's *Order Requiring Publication of Second Public Notice*, issued May 13, 2020, I have also enclosed the Affidavits of Publication for the Second Public Notice. DEC published the notice as required in newspapers having general coverage in its service territory. Due to the COVID-19 state of emergency and newspaper employees and notaries being placed on furlough, not all newspapers in DEC's territory have been able to provide an affidavit of publication. However, those affidavits will be filed promptly upon receipt.

Please do not hesitate to contact me if you have any questions or need additional information.

Sincerely,

Kendrick C. Fentress

and Energy Efficiency Cost Recovery Rider )  
Pursuant to N.C.G.S. § 62-133.9 and )  
Commission Rule R8-69 )

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The public hearing has been scheduled to begin immediately following the public hearing in Docket No. E-7, Sub 1228, which is scheduled to begin at 9:30 a.m. on Tuesday, June 9, 2020, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of N.C.G.S. § 62-133.9 and Commission Rule R8-69, and for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On February 25, 2020, DEC filed its application and testimony for approval of DSM/EE cost recovery pursuant to N.C. Gen. Stat. § 62-133.9 and Rule R8-69. By its application, DEC requests a total annual revenue requirement of approximately \$214 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2021. The request, including the regulatory fee, would result in an increase of 0.0395 cents per kilowatt-hour (kWh) for residential customers, and thus an increase of about 40 cents in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would decrease by 0.0901 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2021 would pay DSM/EE rider charges of 0.1200 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2021 would pay DSM/EE rider charges of 0.3522 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

In addition, further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public, and on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Mr. Christopher J. Ayers, Executive Director, Public Staff 4326 Mail Service Center, Raleigh, North Carolina 27699-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection-Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Written statements are not evidence unless persons appear at a public hearing and testify concerning the information contained in their written statements.

Any person desiring to intervene in the proceeding as a formal party of record should file a petition under North Carolina Utilities Commission Rules R1-5 and R1-19 on or before Monday, May 18, 2020. Such petitions should be filed with the Chief Clerk of the North Carolina Utilities Commission, 4325 Mail Service Center, Raleigh, North Carolina 27699-4300. The direct testimony and exhibits of expert witnesses to be presented by intervenors should also be filed with the Commission on or before Monday, May 18, 2020.

Application of Duke Energy Carolinas, LLC, for Approval of Demand-Side Management and Energy Efficiency Cost Recovery Rider Pursuant to N.C.G.S. § 62-133.9 and Commission Rule R8-69

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The public hearing has been scheduled to begin immediately following the public hearing in Docket No. E-7, Sub 1228, which is scheduled to begin at 9:30 a. m. on Tuesday, June 9, 2020, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of N.C.G.S. § 62-133.9 and Commission Rule R8-69, and for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On February 25, 2020, DEC filed its application and testimony for approval of DSM/EE cost recovery pursuant to N.C. Gen. Stat. § 62-133.9 and Rule R8-69. By its application, DEC requests a total annual revenue requirement of approximately \$214 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. This proceeding is being held pursuant to the provisions of N.C.G.S. § 62-133.9 and Commission Rule R8-69, and for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On February 25, 2020, DEC filed its application and testimony for approval of DSM/EE cost recovery pursuant to N.C. Gen. Stat. § 62-133.9 and Rule R8-69. By its application, DEC requests a total annual revenue requirement of approximately \$214 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2021. The request, including the regulatory fee, would result in an increase of 0.0395 cents per kilowatt-hour (kWh) for residential customers, and thus an increase of about 40 cents in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would decrease by 0.0901 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2021 would pay DSM/EE rider charges of 0.1200 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2021 would pay DSM/EE rider charges of 0.3522 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

In addition, further information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public, and on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Mr. Christopher J. Ayers, Executive Director, Public Staff 4326 Mail Service Center, Raleigh, North Carolina 27699-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection- Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Written statements are not evidence unless persons appear at a public hearing and testify concerning the information contained in their written statements.

Any person desiring to intervene in the proceeding as a formal party of record should file a petition under North Carolina Utilities Commission Rules R1-5 and R1-19 on or before Monday, May 18, 2020. Such petitions should be filed with the Chief Clerk of the North Carolina Utilities Commission, 4325 Mail Service Center, Raleigh, North Carolina 27699-4300. The direct testimony and exhibits of expert witnesses to be presented by intervenors should also be filed with the Commission on or before Monday, May 18, 2020.

In the Matter of  
Application by Duke Energy Carolinas, LLC for Approval )  
of Demand-Side Management and )  
Energy Efficiency Cost Recovery Rider ) SECOND PUBLIC NOTICE  
Pursuant to N.C. Gen. Stat. §62-133.9 and )  
Commission Rule R8-69 )

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the above-captioned docket on an application filed by Duke Energy Carolinas, LLC (DEC) for the recovery of costs incurred by DEC in providing demand-side management (DSM) and energy efficiency (EE) measures pursuant to N.C. Gen. Stat. § 62-133.9. This statute provides for an annual DSM/EE rider for each electric public utility to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The public hearing has been scheduled to begin immediately following the public hearing in Docket No. E-7, Sub 1229, which is scheduled at 9:30 a.m. on Tuesday, June 9, 2020, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On February 25, 2020, DEC filed its application to revise its DSM/EE rates. On March 17, 2020, the Commission issued a Scheduling Order that, among other things, scheduled a public hearing in this matter for Tuesday, June 9, 2020, in Raleigh, North Carolina. In addition, pursuant to Commission Rule R8-69 DEC was required to publish notice of the hearing date, time, and proposed change in its DSM/EE rates.

In its application and required public notice, DEC stated an approximate revenue requirement increase and the increases per kilowatt-hour (kWh) for its proposed DSM/EE rates. On May 11, 2020, DEC filed additional testimony and exhibits in this docket. In its additional testimony, DEC stated that based on the Public Staff's audit of DEC's proposed rates and additional necessary adjustments, DEC requests a decrease in the residential rates initially included in DEC's application, and an increase in the general service rates initially included in DEC's application.

According to DEC's additional testimony and exhibits, DEC requests a total annual revenue requirement of approximately \$216 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2021. The request, including the regulatory fee, would result in an increase of 0.0360 cents per kilowatt-hour (kWh) for residential customers, and thus an increase of about 36 cents in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would decrease by 0.0708 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2021 would pay DSM/EE rider charges of 0.1200 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2021 would pay DSM/EE rider charges of 0.3522 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

Further information about DEC's application may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning DEC's DSM/EE proceeding and the public hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4326 Mail Service Center, Raleigh, North Carolina 27699-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection - Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Consumers may also file written statements of position with the Commission. However, written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

Also, documents may be viewed on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning DEC's DSM/EE proceeding and the public hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4326 Mail Service Center, Raleigh, North Carolina 27699-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection - Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Consumers may also file written statements of position with the Commission. However, written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

DOCKET NO. E-7, SUB 1230

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of  
Application by Duke Energy Carolinas, LLC  
for Approval of Demand-Side Management  
and Energy Efficiency Cost Recovery Rider  
Pursuant to N.C. Gen. Stat. §62-133.9 and  
Commission Rule R8-69 )  
SECOND PUBLIC NOTICE )  
)

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the above-captioned docket on an application filed by Duke Energy Carolinas, LLC (DEC) for the recovery of costs incurred by DEC in providing demand-side management (DSM) and energy efficiency (EE) measures pursuant to N.C. Gen. Stat. § 62-133.9. This statute provides for an annual DSM/EE rider for each electric public utility to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The public hearing has been scheduled to begin immediately following the public hearing in Docket No. E-7, Sub 1229, which is scheduled at 9:30 a.m. on Tuesday, June 9, 2020, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On February 25, 2020, DEC filed its application to revise its DSM/EE rates. On March 17, 2020, the Commission issued a Scheduling Order that, among other things, scheduled a public hearing in this matter for Tuesday, June 9, 2020, in Raleigh, North Carolina. In addition, pursuant to Commission Rule R8-69 DEC was required to publish notice of the hearing date, time, and proposed change in its DSM/EE rates.

In its application and required public notice, DEC stated an approximate revenue requirement increase and the increases per kilowatt-hour (kWh) for its proposed DSM/EE rates. On May 11, 2020, DEC filed additional testimony and exhibits in this docket. In its additional testimony, DEC stated that based on the Public Staff's audit of DEC's proposed rates and additional necessary adjustments, DEC requests a decrease in the residential rates initially included in DEC's application, and an increase in the general service rates initially included in DEC's application.

According to DEC's additional testimony and exhibits, DEC requests a total annual revenue requirement of approximately \$216 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2021. The request,

including the regulatory fee, would result in an increase of 0.0360 cents per kilowatt-hour (kWh) for residential customers, and thus an increase of about 36 cents in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would decrease by 0.0708 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2021 would pay DSM/EE rider charges of 0.1200 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2021 would pay DSM/EE rider charges of 0.3522 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

Further information about DEC's application may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning DEC's DSM/EE proceeding and the public hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4326 Mail Service Center, Raleigh, North Carolina 27699-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection - Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Consumers may also file written statements of position with the Commission. However, written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

**STATE OF NORTH CAROLINA UTILITIES COMMISSION**  
**RALEIGH**  
DOCKET NO. E-7, SUB 1738

**BEFORE THE NORTH CAROLINA UTILITIES COMMISSION**

In the Matter of Application by Duke Energy Carolinas, LLC for Approval of Demand-Side Management and Onpeak Energy Conservation Programs Pursuant to N.C. Gen. Stat. §§ 62-133.5 and Commission Rule 81C.

**SECOND PUBLIC NOTICE**

**NOTICE IS HEREBY GIVEN** that the North Carolina Utilities Commission has scheduled a public hearing in the above-captioned docket on an application filed by Duke Energy Carolinas, LLC for the recovery of costs incurred by DEC in providing demand-side management (DSM) and energy efficiency (EE) resources pursuant to N.C. Gen. Stat. §§ 62-133.5. This statute provides for an annual DSM/EE rider for each electric public utility to recover reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The public hearing has been scheduled to begin immediately following the public hearing in Docket No. E-7, Sub 1729, which is scheduled at 10:30 a.m. on Tuesday, June 9, 2020, in Commission Hearing Room 1115, 419 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule 81C-31(g).

On February 15, 2020, DEC filed its application to revise its DSM/EE rates. On March 17, 2020, the Commission issued a Scheduling Order that, among other things, scheduled a public hearing in this matter for Tuesday, June 9, 2020, in Raleigh, North Carolina. In addition, pursuant to Commission Rule 81C-49 DEC was required to publish notice of the hearing date, time, and proposed change in its DSM/EE rates.

In its application and revised public notice, DEC stated an approximate revenue requirement increase and the increases per kilowatt-hour (kWh) for its proposed DSM/EE rates. On May 11, 2020, DEC filed additional testimony and exhibits in this docket. In its additional testimony, DEC stated that based on the Public Staff's audit of DEC's proposed rates and additional necessary adjustments, DEC requests a decrease in the residential rates initially included in DEC's application, and an increase in the general service rates initially included in DEC's application.

According to DEC's additional testimony and exhibits, DEC requests a total annual revenue requirement of approximately \$116 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be applied to service rendered on and after January 1, 2021. The request, including the regulatory fee, would result in an increase of 84.15¢ per kWh over the (VW) for residential customers, and then an increase of about 36 cents in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2001 would decrease by 68.80¢ per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2011 would pay DSM/EE rider charges of 81.15¢ per kWh, and non-residential customers participating in DEC's EE programs beginning in 2011 would pay DSM/EE rider charges of 8.31¢ per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-6986. Residential and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.5 are not subject to the DSM/EE rider.

Further information about DEC's application may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 414 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. The documents may be viewed on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning DEC's DSM/EE proceedings and the public hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4176 Mail Service Center, Raleigh, North Carolina 27699-0100.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to the Honorable Rob Stein, Attorney General, c/o Consumer Protection - Utilities, 5001 Mail Service Center, Raleigh, North Carolina, 27699-5001.

Consumers may also file written statements of position with the Commission. However, written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

ISSUED BY ORDER OF THE COMMISSION.  
This is the 12th day of May, 2020.

**STATE OF NORTH CAROLINA UTILITIES COMMISSION**  
RALEIGH  
DOCKET NO. E-7, SUB 1238

#### REGRETE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of Application by Duke Energy Carolinas, LLC for Approval of Increased 2020 Management and Energy Efficiency Cost Recovery Rates Pursuant to N.C. Gen. Stat. § 62-131.2.

**NOTICE IS HEREBY GIVEN** that the North Carolina Utilities Commission has scheduled a public hearing in the above-captioned docket on an application filed by Duke Energy Carolinas, LLC (DEC) for the recovery of costs incurred by DEC in providing demand-side management (DSM) and energy efficiency (EE) measures pursuant to N.C. Gen. Stat. § 62-131.2. This statute provides for an annual DSM/EE rider for each electric public utility to recover reasonable costs incurred for adoption and implementation of new DSM and EE measures and associated incentives. The public hearing has been scheduled to begin immediately following the public hearing in docket No. E-7, Sub 1238, which is scheduled at 9:30 a.m. on Tuesday, June 9, 2020, in Commission Hearing Room 3115, One Building, 101 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule 61-107(g).

On February 15, 2020, DEC filed its application to revise its DSM/EE rates. On March 11, 2020, the Commission issued a Scheduling Order that, among other things, scheduled a public hearing in this matter for Tuesday, June 9, 2020, in Raleigh, North Carolina. In addition, pursuant to Commission Rule 60-69 DEC was required to publish notice of the hearing date, time, and proposed changes to its DSM/EE rates.

In its application and required public notice, DEC stated an appropriate revenue requirement increase and the increases per kilowatt-hour (kWh) for its proposed DSM/EE rates. On May 11, 2020, DEC filed additional testimony and exhibits in this docket. In its additional testimony, DEC stated that based on the Public Staff's analysis of DEC's proposed rates and additional necessary adjustments, DEC requests a decrease in the residential rates initially included in DEC's application, and an increase in the general service rates initially included in DEC's application.

According to DEC's additional testimony and exhibits, DEC requests a total annual revenue requirement of approximately \$216 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE rider recovery \$68 would be effective for service rendered on and after January 1, 2021. The request, including the regulatory fee, would result in an increase of 6.8366 cents per kilowatt-hour (kWh) for residential customers, and then an increase of about 33 cents in the monthly bill of a residential customer using 1,600 kWh of electricity. The effect of the request on current non-residential customers would depend upon each ratepayer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would decrease by 0.2076 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2011 would pay DSM/EE rider charges of 4.1780 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2011 would pay DSM/EE rider charges of 4.3111 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly by DEC's Customer Service number at 1-866-777-2628. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-131.2 are not subject to the DSM/EE rider.

Further information about DEC's application may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 600 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning DEC's DSM/EE proceeding and the public hearing scheduled therein should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its preparation of the public notice. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 8116 W.28th Service Center, Raleigh, North Carolina 27699-1505.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to the Honorable Leah State, Attorney General, c/o Consumer Protection - Utilities, 5001 Mail Service Center, Raleigh, North Carolina, 27699-9401.

Consumers may also file written statements of position with the Commission. However, written statements are not evidence in the writers' appeal at a public hearing and testify concerning the information contained in their written statements.

ISSUED BY ORDER OF THE COMMISSION.

for Approval of Demand-Side Management and ) SECOND PUBLIC NOTICE  
Energy Efficiency Cost Recovery Rider )  
Pursuant to N.C. Gen. Stat. §62-133.9 and )  
Commission Rule R8-69 )

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the above-captioned docket on an application filed by Duke Energy Carolinas, LLC (DEC) for the recovery of costs incurred by DEC in providing demand-side management (DSM) and energy efficiency (EE) measures pursuant to N.C. Gen. Stat. § 62-133.9. This statute provides for an annual DSM/EE rider for each electric public utility to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives. The public hearing has been scheduled to begin immediately following the public hearing in Docket No. E-7, Sub 1229, which is scheduled at 9:30 a.m. on Tuesday, June 9, 2020, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On February 25, 2020, DEC filed its application to revise its DSM/EE rates. On March 17, 2020, the Commission issued a Scheduling Order that, among other things, scheduled a public hearing in this matter for Tuesday, June 9, 2020, in Raleigh, North Carolina. In addition, pursuant to Commission Rule R8-69 DEC was required to publish notice of the hearing date, time, and proposed change in its DSM/EE rates.

In its application and required public notice, DEC stated an approximate revenue requirement increase and the increases per kilowatt-hour (kWh) for its proposed DSM/EE rates. On May 11, 2020, DEC filed additional testimony and exhibits in this docket. In its additional testimony, DEC stated that based on the Public Staff's audit of DEC's proposed rates and additional necessary adjustments, DEC requests a decrease in the residential rates initially included in DEC's application, and an increase in the general service rates initially included in DEC's application.

According to DEC's additional testimony and exhibits, DEC requests a total annual revenue requirement of approximately \$216 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2021. The request, including the regulatory fee, would result in an increase of 0.0360 cents per kilowatt-hour (kWh) for residential customers, and thus an increase of about 36 cents in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would decrease by 0.0708 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2021 would pay DSM/EE rider charges of 0.1200 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2021 would pay DSM/EE rider charges of 0.3522 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

Further information about DEC's application may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DEC's application is available for review by the public. Also, documents may be viewed on the Commission's website at [www.ncuc.net](http://www.ncuc.net).

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Correspondence concerning DEC's DSM/EE proceeding and the public hearing scheduled thereon should be directed to the Public Staff. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Christopher J. Ayers, Executive Director, Public Staff, 4326 Mail Service Center, Raleigh, North Carolina 27699-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection - Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001.

Consumers may also file written statements of position with the Commission. However, written statements are not evidence unless the writers appear at a public hearing and testify concerning the information contained in their written statements.

ISSUED BY ORDER OF THE COMMISSION.

This the 13th day of May, 2020.
