NOW COMES Currituck Water and Sewer (“CWS”) and moves that the Commission’s procedural schedule in these dockets set forth in its November 18, 2021 Order be modified so that the list of witnesses, the schedule of their presentations and the estimated length of cross examination be submitted seven days before the hearing for the presentation of testimony of the parties is rescheduled.

In its procedural order the Commission required CWS to consult with counsel for the parties and submit information with respect to testimony at the April 6, 2022 hearing to the Commission on March 28, 2021. In the meantime, the other dates within the procedural schedule have been modified. The time within which the Public Staff was to file supplemental responses to data requests was extended. The time for filing of CWS’s rebuttal testimony was extended. As of March 28, 2022 CWS had not filed its rebuttal testimony. CWS’s rebuttal testimony is now due March 31, 2022. On March 24, 2022 the Public Staff filed a motion to

extend the date on which the hearing for presentation of testimony of the formal parties is presented. As of this date, the Commission has not ruled on the Public Staff request.

Based on the foregoing, CWS moves that they date upon which compliance with paragraph 9 of the Commission's procedural schedule set forth in its November 18, 2021 order be extended so that the submissions due therein be made to the Commission seven days before the hearing for the presentation of testimony by the parties is rescheduled.

CWS has consulted with counsel for the Public Staff and for Sandler Utility. These parties are in agreement with this request.

Respectfully submitted this 29 day of March 2022.
