NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual fuel and fuel-related adjustment charge proceeding for Duke Energy Carolina, LLC (DEC). The public hearing will be held immediately following the hearing in Docket No. E-7, Sub 1262, which is scheduled to begin at 10:00 a.m. on Tuesday, June 7, 2022, in Commission Hearing Room #115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of N.C. Gen. Stat. § 62-133.2 and Commission Rule R1-15 for the purpose of determining whether an insertion or amendment rider is required to reflect changes in fuel and fuel-related costs over or under the base fuel rate established for DEC in its last general rate case. Public witness testimony will be received in accordance with Commission Rule R1-21(a).

On March 1, 2022, DEC filed its application and testimony relative to the fuel cost proceeding. By its application, DEC requests Commission approval for an increase in its fuel and fuel-related costs currently in effect, with the changes being effective for service rendered on or after September 1, 2022. If approved, the net effect of DEC's request would be to increase the monthly bill of a residential customer using 1,000 kWh of electricity by \$8.09.

The public hearing will be held immediately following the hearing in Docket No. E-7, Sub 1262, which is scheduled to begin at 10:00 a.m. on Tuesday, June 7, 2022, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of N.C. Gen. Stat. § 62-133.2 and Commission Rule R8-55 for the purpose of determining whether an increment or decrement rider is required to reflect changes in fuel and fuel-related costs over or under the base fuel rate established for DEC in its last general rate case. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On March 1, 2022, DEC filed its application and testimony relative to the fuel cost proceeding. By its application, DEC requests Commission approval for an increase in its fuel and fuel-related costs currently in effect, with the changes being effective for service rendered on or after September 1, 2022. DEC's request, excluding the regulatory fee, would result in increases of 0.8086 cents per kilowatt-hour (kWh) for residential customers, 0.5827 cents per kWh for commercial customers, and 0.4505 cents per kWh for industrial customers. If approved, the net effect of DEC's request would be to increase the monthly bill of a residential customer using 1,000 kWh of electricity by \$8.09.

Further information is available to the public by reviewing DEC's application on the Commission's website at www.ncuc.net.

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of Application of Duke Energy Carolinas, LLC for Approval of Demand-Side Management and Energy Efficiency Cost Recovery Rider Pursuant to N.C.G.S. § 80-202.9 and Commission Rule 70-40

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The public hearing will be held immediately following the hearings in Grand No. E-7, Sub 1265, 1266 and 1267, which are scheduled to begin at 10:00 a.m. on Tuesday, June 7, 2022, in Commission Hearing Room 2118, Division Building, 400 North Salisbury Street, Raleigh, North Carolina. Public access testimony will be conducted in accordance with Commission Rule 70-41(a).

This proceeding is being held pursuant to the provisions of N.C.G.S. § 80-180.6 and Commission Rule 70-40, and for the purpose of determining whether an investment or discount rider is required in order for DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and EE measures and appropriate incentives.

On March 1, 2022, DEC filed its application and testimony for approval of DSM/EE cost recovery pursuant to N.C.G.S. § 80-202.9 and Rule 70-40. By its application, DEC requests a total annual revenue requirement of approximately \$170.0 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be collected for services rendered on and after January 1, 2023. The request, including the regulatory fee, would result in a decrease of 2.15% costs per household-year (CPHY) for residential customers, and also a decrease of about \$1.00 in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM and EE programs. However, the share of non-residential customers who have participated in all of DEC's DSM and EE programs since 2008 would increase by 0.008 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2008 would pay DSM/EE rider charges of 0.008 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2008 would pay DSM/EE rider charges of 0.008 cents per kWh. Non-residential customers may obtain detailed information about the rider increase or decrease applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service Center at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 80-180.9 are not subject to the DSM/EE rider.

In addition, further information is available to the public by reviewing DEC's application on the Commission's website at www.ncuc.com.

This Public Notice is authorized by statute to represent consumers in proceedings before the Commission. Written statements to the Public Notice should include any information that the writer's wish to be considered by the Public Notice in its investigation of the matter. Such statements should be addressed to Mr. Christopher J. Agers, Executive Director, Public Staff 4000 Mail Service Center, Raleigh, North Carolina 27699-4000.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to: Honorable Josh White, Attorney General, c/o Consumer Protection-Utilities, 8001 Mail Service Center, Raleigh, North Carolina, 27699-8001. Written statements may be emailed to utility@ncattorney.com.

Written statements are not admissible unless persons appear at a public hearing and testify corroborating the information contained in their written statements.

Any person desiring to intervene in the proceeding as a formal party of record should file a petition under North Carolina Utilities Commission Rules 70-41 and 70-41.6(a) on or before Tuesday, May 17, 2022. Such petitions should be filed with the Chief Clerk of the North Carolina Utilities Commission, 4000 Mail Service Center, Raleigh, North Carolina 27699-8000. The direct testimony and exhibits of expert witnesses to be presented by intervenors should also be filed with the Commission on or before Tuesday, May 17, 2022.

 DOCKET NO. E-7, SUB 1265

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of Application of Duke Energy Carolinas, LLC, for Approval of Demand-Side Management and Energy Efficiency Cost Recovery Rider Pursuant to N.C.G.S. § 62-133.9 and Commission Rule R8-69 **PUBLIC NOTICE**

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The public hearing will be held immediately following the hearings in Docket Nos. E-7, Subs 1262, 1263 and 1264, which are scheduled to begin at 10:00 a.m. on Tuesday, June 7, 2022, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

This proceeding is being held pursuant to the provisions of N.C.G.S. § 62-133.9 and Commission Rule R8-69, and for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives.

On March 1, 2022, DEC filed its application and testimony for approval of DSM/EE cost recovery pursuant to N.C.G.S. § 62-133.9 and Rule R8-69. By its application, DEC requests a total annual revenue requirement of approximately \$173.8 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2023. The request, including the regulatory fee, would result in a decrease of 0.1383 cents per kilowatt-hour (kWh) for residential customers, and thus a decrease of about \$1.38 in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would increase by 0.0956 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2023 would pay DSM/EE rider charges of 0.0970 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2023 would pay DSM/EE rider charges of 0.4323 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9198. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

In addition, further information is available to the public by reviewing DEC's application on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Mr. Christopher J. Ayles, Executive Director, Public Staff 4326 Mail Service Center, Raleigh, North Carolina 27699-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection-Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-8001. Written statements may be emailed to utilityAG@ncdoj.gov.

Written statements are not evidence unless persons appear at a public hearing and testify concerning the information contained in their written statements.

DOCKET NO. E-7, SUB 1265

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of Application of Duke Energy Carolinas, LLC, for Approval of Demand-Side Management and Energy Efficiency Cost Recovery Rider Pursuant to N.C.G.S. § 62-133.9 and Commission Rule R8-69

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The public hearing will be held immediately following the hearings in Docket Nos. E-7, Subs 1262, 1263 and 1264, which are scheduled to begin at 10:00 a.m. on Tuesday, June 7, 2022, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

This proceeding is being held pursuant to the provisions of N.C.G.S. § 62-133.9 and Commission Rule R8-69, and for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives.

On March 1, 2022, DEC filed its application and testimony for approval of DSM/EE cost recovery pursuant to N.C.G.S. § 62-133.9 and Rule R8-69. By its application, DEC requests a total annual revenue requirement of approximately \$173.6 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2023. The request, including the regulatory fee, would result in a decrease of 0.1383 cents per kilowatt-hour (kWh) for residential customers, and thus a decrease of about \$1.38 in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would increase by 0.0956 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2023 would pay DSM/EE rider charges of 0.0970 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2023 would pay DSM/EE rider charges of 0.4323 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

In addition, further information is available to the public by reviewing DEC's application on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter. Such statements should be addressed to Mr. Christopher J. Ayers, Executive Director, Public Staff 4326 Mail Service Center, Raleigh, North Carolina 27699-4300.

The Attorney General is also authorized by statute to represent consumers in proceedings before the Commission. Statements to the Attorney General should be addressed to The Honorable Josh Stein, Attorney General, c/o Consumer Protection-Utilities, 9001 Mail Service Center, Raleigh, North Carolina, 27699-9001. Written statements may be emailed to utilityAGO@ncdoj.gov.

Written statements are not evidence unless persons appear at a public hearing and testify concerning the information contained in their written statements.

Any person desiring to intervene in the proceeding as a formal party of record should file a petition under North Carolina Utilities Commission Rules R1-5 and R1-19 on or before Tuesday, May 17, 2022. Such petitions should be filed with the Chief Clerk of the North Carolina Utilities Commission, 4325 Mail Service Center, Raleigh, North Carolina 27699-4300. The direct testimony and exhibits of expert witnesses to be presented by intervenors should also be filed with the Commission on or before Tuesday, May 17, 2022.

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The public hearing will be held immediately following the hearings in Docket Nos. DOCKET NO. E-7, SUB 1265

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of Application of Duke Energy Carolinas, LLC, for Approval of Demand-Side Management and Energy Efficiency Cost Recovery Rider Pursuant to N.C.G.S. § 62-133.9 and Commission Rule R8-69

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual demand-side management (DSM) and energy efficiency (EE) cost recovery proceeding for Duke Energy Carolinas, LLC (DEC). The public hearing will be held immediately following the hearings in Docket Nos. E-7, Subs 1262, 1263 and 1264, which are scheduled to begin at 10:00 a.m. on Tuesday, June 7, 2022, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

This proceeding is being held pursuant to the provisions of N.C.G.S. § 62-133.9 and Commission Rule R8-69, and for the purpose of determining whether an increment or decrement rider is required to allow DEC to recover all reasonable and prudent costs incurred for adoption and implementation of new DSM and new EE measures and appropriate incentives.

On March 1, 2022, DEC filed its application and testimony for approval of DSM/EE cost recovery pursuant to N.C.G.S. § 62-133.9 and Rule R8-69. By its application, DEC requests a total annual revenue requirement of approximately \$173.6 million for inclusion in the DSM/EE rider authorized by the statute and Commission Rule. The proposed DSM/EE cost recovery rider would be effective for service rendered on and after January 1, 2023. The request, including the regulatory fee, would result in a decrease of 0.1383 cents per kilowatt-hour (kWh) for residential customers, and thus a decrease of about \$1.38 in the monthly bill of a residential customer using 1,000 kWh of electricity. The effect of the request on current non-residential customers would depend upon each customer's particular participation in DEC's DSM or EE programs. However, the rates of non-residential customers who have participated in all of DEC's DSM and EE programs since 2009 would increase by 0.0956 cents per kWh. Non-residential customers participating in DEC's DSM programs beginning in 2023 would pay DSM/EE rider charges of 0.0970 cents per kWh, and non-residential customers participating in DEC's EE programs beginning in 2023 would pay DSM/EE rider charges of 0.4323 cents per kWh. Non-residential customers may obtain detailed information about the rider increases or decreases applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service number at 1-800-777-9898. Industrial and large commercial customers that have opted out of and never participated in DEC's DSM and EE programs pursuant to N.C.G.S. § 62-133.9 are not subject to the DSM/EE rider.

In addition, further information is available to the public by reviewing DEC's application on the Commission's website at www.ncuc.net.

The Public Staff is authorized by statute to represent consumers in proceedings before the Commission. Written statements to the Public Staff should include any information that the writers wish to be considered by the Public Staff in its investigation of the matter.
