Electric Utilities	)	

BY THE CHAIR: On June 14, 2022, Duke Energy Progress, LLC (DEP or Company), filed its application in the above-captioned docket, requesting change in its fuel charges effective for service rendered on and after December 1, 2022. The proposed changes in fuel rates would result in increases of the current fuel rates of all customer classes, with the amount of the increase varying for different customer classes. The net effect of DEP's request as filed would increase the monthly bill of a typical residential customer using 1,000 kilowatt hours (kWh) per month by \$9.74, excluding the regulatory fee.

On July 8, 2022, the Commission issued an Order Scheduling Hearing, Requiring Filing of Testimony, Establishing Discovery Guidelines, and Requiring Public Notice (Scheduling Order). Among other things, the Scheduling Order set the public hearing to be held, beginning at 10:00 a.m., on Wednesday, September 14, 2022, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. The Scheduling Order also required the Company to publish notice in a newspaper or newspapers having general circulation in its service area once a week for two successive weeks beginning at least 45 days prior to the hearing.

On August 12, 2022, DEP filed supplemental testimony and exhibits and a proposed second public notice, which revised its proposed monthly fuel rates. The revisions, if approved by the Commission, would result in the present fuel and fuel-related rates, excluding regulatory fee, to increase by 1.0860 cents/kWh for residential customers, 1.2490 cents/kWh for small general service customers, 0.7620 cents/kWh for medium general service customers, 0.5090 cents/kWh for large general service customers, and 2.1920 cents/kWh for lighting customers.

Based on the foregoing and the record, the Chair concludes that good cause exists to require DEP to publish a Second Public Notice, attached hereto as Appendix A, providing notice of the additional testimony and exhibits and the resulting change in DEP's proposed fuel rates.

IT IS, THEREFORE, ORDERED as follows:

1. That DEP shall publish the Second Public Notice attached hereto as Appendix A in a newspaper or newspapers having general circulation in its service area on two dates at least 10 days prior to the hearing, with the publications preferably being several days apart, the first publication of which shall occur as soon as reasonably practical; and

2. That DEP shall file affidavits of publication on or before the date of the hearing.

ISSUED BY ORDER OF THE COMMISSION.

This the 17th day of August, 2022.

DOCKET NO. E-2, SUB 1292

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of  
Application of Duke Energy Progress, LLC,        )  
Pursuant to N.C.G.S. § 62-133.2 and                )  
Commission Rule R8-55 Relating to Fuel            )  
and Fuel-Related Charge Adjustments for         )  
Electric Utilities   )        **SECOND PUBLIC NOTICE**

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual fuel and fuel-related adjustment charge proceeding for Duke Energy Progress, LLC (DEP or Company). The public hearing has been scheduled to begin at 10:00 a.m. on Wednesday, September 14, 2022, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of N.C. Gen. Stat. § 62-133.2 and Commission Rule R8-55 for the purpose of determining whether an increment or decrement rider is required to reflect changes in fuel and fuel-related costs over or under the base fuel rate established for DEP in its last general rate case. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On June 14, 2022, DEP filed its application and testimony relative to the fuel cost proceeding. By its application, DEP requests Commission approval for an increase in its fuel and fuel-related costs currently in effect, with the changes being effective for service rendered on or after December 1, 2022. The net effect of DEP's request as filed would increase the monthly bill of a typical residential customer using 1,000 kilowatt hours (kWh) per month by \$9.74, excluding the regulatory fee.

On July 8, 2022, the Commission issued an Order Scheduling Hearing, Requiring Filing of Testimony, Establishing Discovery Guidelines, and Requiring Public Notice (Scheduling Order). Among other things, the Scheduling Order required the Company to publish notice in a newspaper or newspapers having general circulation in its service area once a week for two successive weeks beginning at least 45 days prior to the hearing.

On August 12, 2022, DEP filed supplemental testimony and exhibits after the Public Notice of the original proposed fuel charges had been published, revising its proposed monthly fuel rates. The revisions, if approved by the Commission, would result in the present fuel and fuel-related rates, excluding regulatory fee, to increase by 1.0860 cents/kWh for residential customers, 1.2490 cents/kWh for small general service customers, 0.7620 cents/kWh for medium general service customers, 0.5090 cents/kWh for large general service customers, and 2.1920 cents/kWh for lighting customers.

Proposed changes in all customers' fuel rider rates would be effective for service rendered on and after December 1, 2022.

Further information is available to the public by reviewing DEP's application on the Commission's website at [www.ncuc.net](http://www.ncuc.net).
