

**STATE OF NORTH CAROLINA  
UTILITIES COMMISSION  
RALEIGH**

DOCKET NO. E-7, SUB 1276

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of  
Application of Duke Energy Carolinas, LLC, for     )  
Adjustment of Rates and Charges Applicable to     )   ERRATA ORDER  
Electric Service in North Carolina and             )  
Performance-Based Regulation                     )

BY THE PRESIDING COMMISSIONER: On October 23, 2023, the Commission issued an order in the above-referenced docket denying the joint motion of Blue Ridge EMC, Haywood EMC, Piedmont EMC, and Rutherford EMC and the Carolina Industrial Group for Fair Utility Rates III to strike the supplemental testimony of Public Staff witness David Williamson but reconvening the hearing for the purpose of allowing parties an opportunity to cross-examine witness Williamson regarding his supplemental testimony and exhibits as well as to allow Duke Energy Carolinas, LLC (DEC), to present supplemental expert witness testimony and exhibits for the purpose of rebutting witness Williamson's supplemental testimony and exhibits.

It has come to the Commission's attention that the Order incorrectly identifies certain dates.

The Presiding Commissioner, therefore, find good cause to issue this Errata Order to correct the third ordering paragraph to read:

3. That formal discovery requests related to DEC's prefiled supplemental rebuttal testimony of its witnesses shall be served no later than 1:00 p.m. on Thursday, October 26, 2023. The party served shall have up to noon on Friday, October 27, 2023, to file with the Commission objections to the discovery requests on an item-by-item basis. Discovery related to rebuttal testimony shall be limited to new material introduced in such

rebuttal testimony and will be carefully scrutinized upon objection that such discovery should have been sought during the initial period of discovery;

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 23rd day of October 2023.

NORTH CAROLINA UTILITIES COMMISSION
