RALEIGH
DOCKET NO. SP-5261,
SUB 0
BEFORE THE NORTH
CAROLINA UTILITIES
COMMISSION**

In the Matter of Application of Overman Solar, LLC, for a Certificate of Public Convenience and Necessity to Construct a 5-MW Solar Facility in Wayne County, North Carolina BY THE COMMISSION: On February 27, 2015, Overman Solar, LLC (Applicant), filed an application seeking a certificate of public convenience and necessity pursuant to G.S. 62-110.1(a) for construction of a 5-MW solar generating facility to be located at 191 Herring Road in Goldsboro, Wayne County, North Carolina. The Applicant plans to sell the electricity to Duke Energy Progress, Inc. On the basis of this application, the Commission concludes that the Applicant should be required (1) to publish notice of the application in the manner required by G.S. 62-82(a) and file an affidavit of publication with the Commission and (2) to mail a copy of the application and notice, no later than the first date that such notice is

published, to the electric utility to which the Applicant plans to sell and distribute the electricity and file a signed and verified certificate of service that the application and notice have been provided to the utility. The Chief Clerk of the Commission will deliver copies of the notice to the Clearinghouse Coordinator of the Office of Policy and Planning of the Department of Administration for distribution by the Coordinator to State agencies having an interest in the application. If a complaint is received within ten days after the last date of the publication of the notice, the Commission will schedule a public hearing to determine whether a certificate should be awarded, will give reasonable notice of the time and place of the hearing to the Applicant and to each complaining party, and will require the Applicant to publish notice of the hearing in the newspaper in which the notice of the application was published. If no complaint is received within the time specified above, the Commission may, upon its own initiative, order and schedule a hearing to determine whether a certificate should be awarded. If the Commission orders a hearing upon its own initiative, it will require notice of the hearing to be published by the Applicant in the newspaper in which the notice of the application was published. If no complaint is received within the time specified and the Commission does not order a hearing upon its own initiative, the Commission will enter an order awarding the certificate. The Commission cannot take any action until after the Applicant has filed both the affidavit of publication and
