It's bad for business, bad for the future of North Carolina, and bad for our democracy. I AM ALREADY A VICTIM OF DUKE ENERGY. I HAVE A POLLUTED WELL thanks to their COAL ASH PONDS LOCATED AT THE PLANT ACROSS THE ROAD FROM ME!!!!!!!!!!!!!! I AM POSITIVE THAT DRINKING OUR WELL WATER WHILE GOING THROUGH PUBERTY MADE MY ONLY CHILD SICK ALONG WITH HER CATCHING THE SWINE FLU AT SCHOOL. (THIS IS BECAUSE THEY KNEW THEY HAD KIDS WITH THE SWINE FLU AND THAT THEY HAD NO VACINES TO GIVE THEM DUE TO THE SHORTGAGE. SHE HAS BEEN MENTALLY AND PHYSICALLY SICK SINCE THE WEEKEND SHE TURNED 16!!!! BUT DUKE IS CLAIMING THAT THE CHEMICALS IN OUR WELL WATER ARE NATURALLY OCCURING!! ALL WHILE DOING THEIR BEST TO BUY OFF OUR LEGISATURE AND THEY ALREADY HAVE OUR GOVENOR IN THEIR BACK POCKET!!!! ALL WHILE THEY ARE DIGGING UP AND MOVING THEIR COAL ASH PONDSIN SOUTH CAROLINA TO LINED PITS AND IT IS WORKING THERE AND THEM NO WHERE WHAT THEY ARE CLAIMING IT WILL COST THEM TO DO THE VERY SAME THING HERE IN NORTH CAROLINA. I HAVE TO AT LEAST TRY BUT I ALREADY KNOW THAT THEY MONEY WILL MOST LIKELY BUY THEM THIS MEGER!!!!!!!!!! WE ARE ALREADY BEING ROYALLY SCREWED BY THEM!!!!!!!!!!!! WHERE ARE THE TRUE CHRISTIAN REPERSENTATIVES IN OUR STATE GOVERNMENT? BECAUSE IF THEY WERE TRUE CHRISTIANS THEY WOULD BE DOING WHAT IS RIGHT FOR THE PEOPLE OF NORTH CAROLINA AND NOT FOR THE BIG COMPANIES, CORPORATIONS, ETC.

Monopolies historically mean less choice for consumers, higher prices for consumers and higher profits for the corporations. THIS WOULD BE A MONOPOLY THAT HURTS CONSUMERS AND GREATLY PROFITS DUKE ENERGY. IT WOULD BE BETTER FOR DUKE TO CONCENTRATE ON CLEANING UP THE COAL ASH THAT IS POISONING OUR WATER.

There should be palpable incentives for builders of new housing and for homeowners & homeowner associations to utilize renewable energy to the max. Anything else is short sighted and ,I think , unpatriotic.

To the CHIEF CLERK,

This is in reference to DOCKET TYPE SP 7893-Sub0.

As a home owner adjacent to the proposed site, I have to strongly object to the planned implementation of this solar farm. Knowing that it will greatly reduce my/our property value is of great concern.

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. We also need more competition, not a bigger monopoly over a larger geographic region. I'm sure these companies donate a lot to politicians and PAC's and have an army of lobbyists to speak on their behalf but your job is to do what is best for the consumer.

Duke Power has already proven to not be a good community partner with their horrible decisions involving coal ash ponds and refusal to take responsibility for cleaning up their mess. If they just continue to grow by leaps and bounds, they will only think they are even less constrained by laws, regulations and morals.

Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

If there was an absolute ban on fracking (from design to operation) for at least 20 years, and then only with a supporting statewide referendum, this would possibly be acceptable for the state's need.

Sincerely,

James Wilburn

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

We already don't feel the love for having to tolerate two extra years, being handed the bill for Duke's coal ash mess. To a large degree, we want to develop renewable energy options, but what did we get?

Fracking, and renewables are no longer a priority, thanks to our triple Republican government. Well, they do love Duke, and will like Piedmont.

Still, ask yourself, what happens if we no longer love them?

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

Our government supports reducing climate-disrupting gases. At the Climate Summit in Paris we pledged to do our part NOW. Removing volatile gas from the ground via hydraulic fracturing damages local environments and leads to poorer health outcomes for residents nearby.

I am deeply concerned that Duke Energy is staking its future, and ours, on gas generators in Asheville, NC, and elsewhere. The merger of Piedmont and Duke would exacerbate this trendy business model. It is time to stop the monopolization of energy and allow residents some choice in generating their electrical needs. This merger reduces choice!

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

NC Utility Commission

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Sincerely,

Kurt Johnson
