and Energy Efficiency Cost Recovery Rider)	OF CHANGE IN RATES
Pursuant to N.C.G.S. § 62-133.9 and)	
Commission Rule R8-69)	

NOTICE IS HEREBY GIVEN that on December 12, 2022, the North Carolina Utilities Commission (Commission) entered an Order in Docket No. E-7, Sub 1265 (DSM/EE Order), approving a change in the Energy Efficiency Rider (Rider EE) charged by Duke Energy Carolinas, LLC (DEC), for retail electric service in North Carolina. Rider EE is designed to collect the reasonable and prudent costs incurred by DEC to adopt and implement demand-side management (DSM) and energy efficiency (EE) measures, as well as appropriate utility incentives approved by the Commission, and to true-up any under-recovery or over-recovery of costs and incentives under the rider previously in effect.

As a result of the DSM/EE Order, Rider EE has been revised, and new Rider EE amounts are effective for the rate period January 1, 2023 through December 31, 2023. The approved Rider EE has been calculated to collect revenues of \$173,642,356 (including rate adders for the North Carolina regulatory fee), based on DEC's forecasted kilowatt-hour (kWh) sales for the 2023 rate period.

The revised Rider EE provides for a Residential increment rider of 0.3389 cents per kWh. The impact of this change on the typical residential bill using 1000 kWh per month is a decrease of (\$1.38) per month compared to the rider previously in effect.

The DSM/EE Order provides for Rider EE amounts for Nonresidential customer classes by vintage year participation as follows:

- Calendar Year 2023 (Vintage Year 2023) participants: EE increment rider of 0.4323 cents per kWh; and DSM increment rider of 0.0970 cents per kWh
- Calendar Year 2022 (Vintage Year 2022) participants: EE increment rider of 0.0995 cents per kWh; and DSM increment rider of 0.0000 cents per kWh
- Calendar Year 2021 (Vintage Year 2021) participants: EE increment rider of (0.0162) cents per kWh; and DSM increment rider of (0.0173) cents per kWh

- Calendar Year 2020 (Vintage Year 2020) participants: EE increment rider of 0.0247 cents per kWh; and DSM increment rider of (0.0002) cents per kWh
- Calendar Year 2019 (Vintage Year 2019) participants: EE increment rider of .0064 cents per kWh; and DSM increment rider of 0.0003 cents per kWh
- Calendar Year 2018 (Vintage Year 2018) participants: EE increment rider of (0.0021) cents per kWh; and DSM increment rider of (0.0002) cents per kWh

For customers who are eligible to opt out of participation in DEC's DSM/EE programs, the effect of the revised Rider EE amounts will vary depending on opt-out elections. These customers may obtain detailed information about the amounts applicable to their particular circumstances by contacting their DEC account representatives directly or DEC's Customer Service at 1-800-653-5307.

ISSUED BY ORDER OF THE COMMISSION.
