**Re: In the Matter of Application of American Beech Solar LLC for a Certificate of Public Convenience and Necessity to Construct a 110-MW Solar Facility in Halifax County, North Carolina, NCUC Docket No. EMP-108, Sub 0
*Generation Interconnection System Impact Study Report for PJM Generation Interconnection Request - Queue Position AC2-084; Rev. 2 – November 2021***

Dear Ms. Dunston:

On behalf of American Beech Solar LLC (“American Beech” or “Applicant”), we herewith submit the above referenced Generation Interconnection System Impact Study Report for PJM Generation Interconnection Request - Queue Position AC2-084; Revision 2 (November 2021) (“November 2021 SIS”), which was inadvertently omitted from testimony filed by the Applicant in this docket.

The November 2021 SIS is a re-tool of the October 2021 System Impact Study filed as Exhibit D to the Prefiled supplemental testimony of Michael Stanton, filed in this docket on May 24, 2022. The results of the November 2021 SIS are reflected in the scope and cost of Upgrades specified in the Interconnection Construction Service Agreement filed as Exhibit C to Mr. Stanton’s testimony. Mr. Stanton’s testimony regarding PJM Upgrade costs and the associated LCOT calculations accurately reflects the results of the November 2021 SIS.
