Docket

E-7 sub 1214

Message

I do not believe that Duke should be allowed to have a rate increase until they have cleaned up all of their Coal Ash problems it is not the consumers fault that they made the mess. Also I noticed they say it is to replace equipment, they should already budgeted for this just like we would have to budget for equipment in our household as it wears out. In 2018 they posted a profit of 24.5 BILLION!
