Investigation of Integrated Resource Planning) NOTICE OF HEARINGS
in North Carolina —2008 and 2009)

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission (Commission) has scheduled hearings in conjunction with the Commission's review and evaluation of Integrated Resource Planning (IRP) in North Carolina. IRP considers conservation, efficiency, load management, and other demand-side programs alternatives in the selection of resource options. In addition, new rules require that electric power suppliers include their plans for meeting customer electric needs via renewable energy resources and energy efficiency programs.

A public hearing for the convenience of public witnesses and solely for the purpose of taking nonexpert public witness testimony is hereby scheduled as follows:

Raleigh: 7:00 p.m., on Monday, March 15, 2010, Commission Hearing
