**Subject:** Docket E-2 Sub 1257

Dear members of the NC Utilities Commission:  
Duke committed to installing and maintaining solar panels in Woodfin, outside Asheville. We expect Duke and NC Utilities Commission to honor that commitment. Nothing has changed that gives either entity an excuse for pulling out of this project. WNC needs sustainable energy and the model for sustainable energy for electricity that this project would bring.

All best wishes,  
Mary Jane
