List the approvals that are required to build and/or operate this facility, and attach copies of those that have been obtained. Wind facilities with multiple turbines, where each turbine is licensed separately, may provide copies of approvals for one such turbine but shall add an attestation that approvals for all of the turbines are available for inspection.

1. Federal permits and licenses:

2. State permits and licenses:

3. Exemptions required for construction and operation of the facility:

4. Statement of whether each has been obtained or applied for (attach copy of those that have been obtained with this application):

If the facility has been placed into service, on what date did the facility begin operating?

February 28, 2011

If the facility is not yet operating, on what date is the facility projected to be placed into service?

| | |
|---|---|
| <p>If the facility is already operating, what is the amount of energy produced by the facility, net of station use, for the most recent 12-month or calendar-year period? Energy production data for a shorter time period is acceptable for facilities that have not yet operated for a full year.</p> | |
| <p>What entity does (or will) read the facility's energy production meter(s) for the purpose of issuing renewable energy certificates?</p> | <p>FLS Energy, Inc. has installed and will read the meters.</p> |
| <p>Does the facility participate in a REC tracking system and if so, which one? If not, which tracking system will the facility participate in for the purpose of REC issuance?</p> | <p>Yes. NC-RETS</p> |
| <p>If this facility has already been the subject of a proceeding or submittal before the Commission, such as a Report of Proposed Construction or a Certificate of Public Convenience and Necessity, please provide the Commission Docket Number, if available.</p> | |

The owner of the renewable energy facility shall provide the following attestations, signed and notarized:

1. Yes No I certify that the facility is in substantial compliance with all federal and state laws, regulations, and rules for the protection of the environment and conservation of natural resources.

2. Yes No I certify that the facility satisfies the requirements of G.S. 62-133.8(a)(5) or (7) as a:
_____ renewable energy facility, or
 new renewable energy facility,
and that the facility will be operated as a:
_____ renewable energy facility, or
 new renewable energy facility.

3. Yes No I certify that 1) my organization is not simultaneously under contract with NC GreenPower to sell our RECs emanating from the same electricity production being tracked in NC-RETS; and 2) any renewable energy certificates (whether or not bundled with electric power) sold to an electric power supplier to comply with G.S. 62-133.8 have not, and will not, be remarketed or otherwise resold for any other purpose, including another renewable energy portfolio standard or voluntary purchase of renewable energy certificates in North Carolina (such as NC GreenPower) or any other state or country, and that the electric power associated with the certificates will not be offered or sold with any representation that the power is bundled with renewable energy certificates.

4. Yes No I certify that I consent to the auditing of my organization's books and records by the Public Staff insofar as those records relate to transactions with North Carolina electric power suppliers, and agree to provide the Public Staff and the Commission access to our books and records, wherever they are located, and to the facility.

5. Yes No I certify that I am the owner of the renewable energy facility or am duly authorized to act on behalf of the owner for the purpose of this filing.
