Re: Docket No. EMP-93, Sub 0  
Wilkinson Solar LLC – CPCN Site Layout Amendment

Dear Chief Clerk:

A certificate of public convenience and necessity for a 74.0-MW<sub>AC</sub> merchant plant solar facility for Wilkinson Solar LLC ("Wilkinson") was granted on October 11, 2017. As outlined in the October 9, 2017 site layout amendment filed in the above-referenced docket, the proposed solar panels on the Respass property north of Terra Ceia Road were removed. To compensate for the removal of these panels, the footprint of the proposed facility has expanded to the south, and will incorporate additional land south of Terra Ceia Road. The Applicant has site control over the additional parcels.

Enclosed and marked as Wilkinson Amended Application Exhibit A is an amended proposed layout. A revised location description is as follows:

The Facility is located in Beaufort County south of Terra Ceia Road, east and west of Christian School Road, and south of Vreugdenhil Road, with a portion on the north side of Terra Ceia Road, on the west side of Gaylord Road.

Also enclosed is a letter from Beaufort County dated November 9, 2017, which confirms that the amended site layout remains in general compliance with the Beaufort County Solar Farm Ordinance. Wilkinson Amended Application Exhibit B.

Because an evidentiary hearing on the Wilkinson merchant plant CPCN application has already occurred, no prefiled testimony is required for this filing to be considered complete. Due to the change of the site location, we understand the Commission will enter an Order Requiring Publication providing an amended Public Notice and directing the Clerk to forward the amended application to the Clearinghouse.

RE: Proposed Solar Facility: Amended Development Plan, Terra Ceia, North Carolina

Dear Mr. Kaplan,

Our office is in receipt of your above referenced letter dated November 3, 2017 and attached sketch plan (Amendment Exhibit A) proposing an approximately 600-acre solar array adjacent to Terra Ceia Road in northeastern Beaufort County.

This plan as modified by the amendment documents remains in general compliance with the Beaufort County Solar Farm Ordinance adopted on 9/9/2013.

Please submit your building permit application along with engineered drawings and site plan per ordinance requirements to the address below.

Mr. Brett Burbage  
Beaufort County Planning Department  
220 N. Market Street  
Washington, NC 27889.

Please feel free to contact our office any time with questions or comments.

Sincerely,

A handwritten signature in blue ink, appearing to read "S.M. Laughlin", is written over the typed name.
