Docket

W-1034, Sub 8

Message

Wanted to report how well Water Resources responded when a Kinetic contractor severed a major water line in our neighborhood recently. Water Resources quickly responded and kept us informed throughout the process. I have been a customer for over 25 years and although there have been some short outages lately, they have always responded promptly and I have always felt that they respond as quickly and safely as possible. Some in the neighborhood have been unhappy, but I truly believe that Water Resources has responded in our best interests.
