**Re: SCH File # 18-E-4600-0042; Application of Duke Energy Progress, LLC for Certificate to construct approximately 6.91 miles of New 230-kV Transmission Line in Carteret Co. Docket # E-2, Sub 1113.**

Dear Ms. Jarvis:

The above referenced environmental impact information has been reviewed through the State Clearinghouse under the provisions of the North Carolina Environmental Policy Act.

Attached to this letter are **additional comments** made in the review of this document. Because of the nature of the comments, it has been determined that no further State Clearinghouse review action on your part is needed for compliance with the North Carolina Environmental Policy Act. The attached comments should be taken into consideration in project development.

Sincerely,

A handwritten signature in blue ink that reads "Crystal Best".

Dear Ms. Tyner:

Your email and outline of our conversation, concurring in the need for an archaeological survey prior to any ground disturbing activities associated with the subject line, are correct. We are not opposed to the North Carolina Utilities Commission making the conduct and reporting of an archaeological survey a condition of its order as the same survey will be required by the USACE for its permit.

We will look forward to receipt of the archaeological survey report upon its completion.
