Subject: Overlay relief plan for area code 336

JUN 10 2014

Clerk's Office
N.C. Utilities Commission

P-100, SUB 137C

To Whom it May Concern:

As I am unable to attend the public hearing I would like to send my statement to the Commission via email.

I object to the idea of this overlay relief plan which would require 10 digit dialing for all phone calls made in the 336 area code. This is currently the case for residents in northern Davie county where my Mother resides. She considers it to be an inconvenience to have to dial 10 digits as she is quite elderly. It also generates a toll charge for each call. I hope the Commission will consider an alternative solution.

Thank you very much,
Stephanie T Reid
