Good afternoon Jim,

It was a pleasure speaking with you earlier today. Attached is a list of renewable energy facilities that have active registration statements with the North Carolina Utilities Commission. You did file a Notice of Withdrawal back in March for two facilities. You can withdraw the registrations with the Commission. The Commission notifies NC-RETS of any cancelations. If you have questions you can reach me at 919-733-2794 or you can email me at swenson@ncuc.net
