Rates for Electric Utility Purchases from) OF TIME TO SERVE PROPOSED
Qualifying Facilities – 2018) RECORD ON APPEAL

BY THE CHAIR: On September 17, 2020, the North Carolina Sustainable Energy Association and the North Carolina Clean Energy Business Alliance (Appellants), pursuant to Rules 18 and 27 of the North Carolina Rules of Appellate Procedure, filed a joint motion for a 30-day extension of time to serve the proposed record on appeal in this matter. Appellants state that additional time is required to prepare and serve the proposed record due to other workload of the attorneys involved in the case, including responding to the motion to dismiss appeal filed in this proceeding; the complexity of the issues; and the large record. Appellants further state they communicated with counsel for the parties to this proceeding and that no party has indicated that it objects to this request.

The Chair, therefore, finds good cause to grant the requested extension of time for Appellants to serve the proposed record on appeal.

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 28th day of September, 2020.
