

**STATE OF NORTH CAROLINA
UTILITIES COMMISSION
RALEIGH**

DOCKET NO. E-100, SUB 101

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of)	
Petition for Approval of Revisions to)	ORDER GRANTING MOTION FOR
Generator Interconnection Standards		EXTENSION

BY THE CHAIR: On June 28, 2024, Duke Energy Carolinas, LLC (DEC), and Duke Energy Progress, LLC (DEP, and collectively with DEC, Duke), filed a Petition for Authorization of Provisional Interconnection Service Option and Limited Waiver of North Carolina Interconnection Procedures for 2022 DISIS Interconnection Customers (Petition) requesting Commission approval of modifications to the North Carolina Interconnection Agreement (NCIA), and a limited waiver of the NCIA and the North Carolina Interconnection procedures to help accelerate generator interconnections.

On July 10, 2024, the Commission issued an Order Requesting Comments on the proposals Duke outlines in its Petition.

On July 23, 2024, Carolinas Clean Energy Business Association (CCEBA) filed a Motion for Extension of Time to File Comments, requesting an additional seven days to file comments. In support of its motion, CCEBA states that it has engaged in discussions with Duke but due to the press of other businesses it needs additional time to prepare comments. In further support of its motion, CCEBA states that Duke does not object to its request.

Based on the foregoing and the entire record, the Chair finds good cause to grant CCEBA's request. The Public Staff and any other interested party may file comments on the Petition on or before July 31, 2024, and Duke may file reply comments, if any, on or before August 7, 2024.

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 23rd day of July, 2024.

NORTH CAROLINA UTILITIES COMMISSION

A. Shonta Dunston, Chief Clerk
