**To:** Nick Jimenez <[njimenez@selcnc.org](mailto:njimenez@selcnc.org)>  
**Subject:** RE: [EXTERNAL] NC customer programs

Hey Nick! Ring me when you can so we chat. I was able to connect with the modelers last week. Will fill you in.

Hi, Lon,

I wanted to connect with you off the main thread because I thought your idea to measure a form of temporal additionality had some promise and I was under the impression you were going to investigate that with Duke's modelers, so I was looking forward to hearing more on the February call. Will you still be discussing that? Or other ideas?

I said this to Wendi already, but I do have to say I'm disappointed Duke's going to file its customer program proposals shortly before we have our second call. We all agreed we'd prefer not to dispute the programs in front of the Commission if we can avoid it.

I know you all haven't filed yet and there's no proceeding, but I copied Kendrick anyway out of an abundance of caution.

Hope you're well.

Best,  
Nick
