Raleigh, NC 27699-4325

P-100, Sub 137C

Gentlemen:

In regard to your Notice of Public Hearing in the Matter of Area Code Relief for North Carolina's 336 Numbering Plan Area, may I go on record as favoring the proposal for TWO AREA CODES AND TEN-DIGIT DIALING.

Most of us with mobile phones are already accustomed to the necessity of dialing ten digits, and it would not be necessary for existing 336 subscribers to change the area code and bear the resultant expense of reprinting stationery, advertising, etc.

Very truly yours,

Donna Willis

Donna C. Willis
