RE: In the Matter of: Duke Energy Progress, LLC, and Duke Energy Carolinas, LLC, 2022 Biennial Integrated Resource Plan and Carbon Plan, Docket No. E-100, Sub 179

Dear Ms. Dunston:

Please find enclosed for filing the Partial Proposed Order of the North Carolina Sustainable Energy Association, Southern Alliance for Clean Energy, Natural Resources Defense Council, and the Sierra Club. By copy of this letter, I am serving a copy of the same on all parties of record by electronic delivery.

Under separate cover, the above-listed parties are also filing a separate partial proposed order and brief jointly with the Carolinas Clean Energy Business Association, Clean Power Suppliers Association and MAREC Action.

In addition, the above-listed parties have had an opportunity to review Section IV.F. of Tech Customers' Post-Hearing Brief regarding new gas plants, and support the argument in that section and the relief requested therein, subject to the caveat that by doing so, they do not agree that new gas generation might be needed in the late 2020s.

Please do not hesitate to contact me if you have any questions.

Sincerely,

s/ Gudrun Thompson
