### Docket

E 100 Sub 180

### Message

RE: E 100 Sub 180: I'm someone who is planning to install rooftop solaire in the next 6 months. It's not fair for Duke to change the value of my solar investment retroactively. Our state should be encouraging investment in solar, not discouraging it. The Commission should do the cost-benefit analysis for rooftop solar that was required by law (HB 589) before changing net metering rules Thank you.
