PURSUANT TO North Carolina Utilities Commission (“Commission” or “NCUC”) Rule R1-19, the Southern Alliance for Clean Energy (“SACE”), through counsel, files this petition to intervene in the above-captioned docket, and provides the following information in support of its petition:

1. N.C. Gen. Stat. § 62-133.2 authorizes the Commission to review changes and approve fuel and fuel-related costs for each electric public utility. On June 14, 2022, Duke Energy Progress, LLC (“DEP”) filed an application for approval to adjust the fuel and fuel-related cost component of its electric rates.

2. SACE is a regional nonprofit organization whose mission is to promote responsible energy choices that address global climate change and ensure clean, safe and healthy communities throughout the Southeast. In furtherance of this mission, SACE works to accelerate the transition from fossil fuels like coal and gas to clean energy solutions like solar, wind, and energy efficiency, and advocates for state and federal policies and industry action to achieve this transition. SACE has a long history of working to reduce pollution from fossil-fueled power plants and promoting clean energy resources in North Carolina.

3. SACE and its members have a direct and substantial interest in this proceeding. Pursuant to N.C.G.S. § 62-133.2 and NCUC Rule R8-55, in this annual fuel

charge adjustment proceeding, the Commission examines DEP's fuel procurement practices and costs, and sets a rider to allow the utility to recover its fuel and fuel-related costs from customers. SACE has members whose service and rates will be affected by DEP's fuel procurement practices, fuel costs, and the rider established in this proceeding.

4. SACE has its principal office in Tennessee, with a mailing address of Post Office Box 1842, Knoxville, Tennessee, 37901. SACE also has offices in North Carolina, South Carolina, Georgia, and Florida. The attorneys for SACE to whom all correspondence and filings in this docket should be addressed is:
