

**STATE OF NORTH CAROLINA  
UTILITIES COMMISSION  
RALEIGH**

DOCKET NO. E-2, SUB 1321

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of  
Application of Duke Energy Progress, LLC,            )  
Pursuant to N.C.G.S. § 62-133.2 and                )  
Commission Rule R8-55 Relating to Fuel            )  
and Fuel-Related Charge Adjustments for        )  
Electric Utilities    )  
ERRATA ORDER

BY THE PRESIDING COMMISSIONER: On November 17, 2023, the Commission issued an Order Approving Fuel Charge Adjustment (Fuel Order) for Duke Energy Progress, LLC (DEP), and requiring the filing of a Proposed Customer Notice in the above-captioned docket. On November 22, 2023, after discovering that the Joint Proposed Order filed in this matter included incorrect costs which in turn were inadvertently transposed to the Commission’s Fuel Order, DEP and the Public Staff – North Carolina Utilities Commission filed a Joint Motion requesting that the Commission issue an Errata Order to correct the error. In particular, Ordering Paragraph No. 1 of the Fuel Order erroneously states that adjustment to base fuel and fuel-related costs factor for residential class is 0.073¢/kWh, base fuel and fuel-related costs factor for lighting class is 0.676¢/kWh, and finally, that the EMF increment adjustment of for the lighting class is 1.679¢/kWh. Additionally, the Commission notes that an Appendix A, included in the Joint Proposed Order, also included incorrect rates and was erroneously omitted from the Fuel Order.

Based on the foregoing and the record, the Commission finds good cause to correct Ordering Paragraph No. 1 of the Fuel Order to state:

1. That, effective for service rendered on and after December 1, 2023, DEP shall adjust the base fuel and fuel-related cost factors in its North Carolina retail rates, as approved in Sub 1300 Order, amounting to 2.808¢/kWh for the Residential class, 3.097¢/kWh for the Small General Service class, 2.580¢/kWh for the Medium General Service class, 2.138¢/kWh for the Large General Service class, and 3.376¢/kWh for the Lighting class (all excluding the regulatory fee), by amounts equal to 0.074¢/kWh, 0.187¢/kWh, (0.017¢)/kWh, (0.026¢)/kWh, and 0.675¢/kWh, respectively, and further, that DEP shall adjust the resulting approved prospective fuel and fuel-related cost factors by EMF increments/(decrements) of 1.191¢/kWh for the Residential class, 1.050¢/kWh for the Small General Service class, 1.090¢/kWh for the Medium General Service class, 1.249¢/kWh for the Large General Service class, and 1.680¢/kWh for the Lighting class (excluding the regulatory fee). The EMF increments are to remain in effect for service rendered through November 30, 2024;

Furthermore, based on the foregoing and the record, the Presiding Commissioner finds good cause for corrected Appendix A, attached hereto, to be incorporated into the Fuel Order. Finally, except as corrected in this Errata Order, the Commission's November 17, 2023 Order Approving Fuel Charge Adjustment remains in full force and effect.

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 27th day of November, 2023.
