Re: Docket No. E-22, Sub 577 - Dominion Energy North Carolina

Dear Ms. Campbell:

In the *Joint Proposed Order of Virginia Electric and Power Company d/b/a Dominion Energy and the Public Staff*, filed the above-referenced docket on December 12, 2019, the amounts for Rider CE were inadvertently referred to as *decrement* billing factors in proposed ordering paragraph 2. The approved Rider CE billing factors are positive, and should have been referred to as billing factor increments as shown in Finding of Fact 12, as well as the Company's application and the testimony of the Public Staff. This inadvertent error was also included in Ordering Paragraph 2 of the Commission's *Order Approving DSM/EE Rider and Requiring Filing of Proposed Customer Notice (Order)*.

The Public Staff has shared this with the Company, and the Company agrees with the Public Staff that Rider CE should be referred to as billing factor increments as otherwise determined on pages 12-13 of the Order. Accordingly, on behalf of the Public Staff and the Company, the Public Staff respectfully requests the Commission take any action that it determines necessary and appropriate to correct this inadvertent statement in the Order.

By copy of this letter, we are forwarding copies to all parties of record.

Sincerely,

/s/ Heather D. Fennell
