Message

I would like to again go on record saying I am very opposed to allowing Aqua NC to increase the rates that their customers are charged for residential water services . I have been living at my address for over 20 years. My family has lived in 10 different houses in four different states including Florida where water is in short supply. Aqua NC is the MOST EXPENSIVE water supplier we have ever experienced. They have increased rates so many times that I have lost counting. Please block this new rate increase and limit their ability to arbitrarily increase their rates seemingly at will. My monthly bill now for two persons is approaching \$100. HELP !!
