**Re: NCUC Docket No. E-100 Sub 90: NC GreenPower Board Nomination – Cassie Gavin**

Dear Chief Clerk Dunson,

I'm writing to apply for the NC GreenPower board consumer/environmental advocacy position. I'd be honored to help NC GreenPower provide a cleaner, greener future for North Carolina's communities.

My contact information is as follows:

Cassie Gavin, Director of Policy  
NC Sustainable Energy Association  
[cassie@energync.org](mailto:cassie@energync.org)  
(919) 360-8803  
1816 Midwood Drive  
Raleigh, NC 27604

My qualifications include eighteen years of experience working to promote sustainable energy and environmental protection in North Carolina and working with boards of directors to do so. I'm the Director of Policy for the NC Sustainable Energy Association, a 501(c)(3) non-profit organization that seeks to drive policy and market development to create clean energy jobs, economic opportunities, and affordable energy. I work with our board to transform our state's energy system including growing solar capacity and ensuring that the benefits of clean energy are equitably distributed.

My board experience includes currently serving on the Yates Mill Associates board and previously serving as Secretary on the NC Coastal Land Trust board while on staff there. Additionally, in a prior role, I worked closely with the Sierra Club's volunteer state executive committee and twelve local groups to determine environmental priorities. If appointed, I'd look forward to working with the NC GreenPower board to provide grants for solar at schools and to support renewable energy.

Thank you for considering my application to serve on the NC GreenPower board.

Sincerely,

Cassie Gavin  
Director of Policy  
NC Sustainable Energy Association
