BY THE COMMISSION: On August 30, 2023, the Commission issued an Order Scheduling Hearing, Requiring Filing of Testimony, Establishing Discovery Guidelines, and Requiring Public Notice (Scheduling Order), in the above-captioned docket. It has come to the Commission's attention that the Scheduling Order contains an inadvertent error in Ordering Paragraph No. 1. That Ordering Paragraph should read:

1. That a public hearing shall be, and is hereby, scheduled for Tuesday, November 21, 2023, at 9:00 a.m., in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina, for the purpose of considering the annual fuel and fuel-related cost recovery proceeding for DENC;

In addition, Appendix A to the Scheduling Order, the Public Notice to be published by Dominion Energy North Carolina (DENC), giving notice of the public hearing, included an incorrect docket number in its caption, and incorrectly stated the starting time of the hearing, which will begin on Tuesday, November 21, 2023, at 9:00 a.m., in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina.

The Commission finds good cause to correct Ordering Paragraph No. 1 in the Scheduling Order, and the docket number and the second sentence of paragraph one in the previously issued Public Notice by issuing this Errata Order and the corrected Public Notice, which is attached as Appendix A hereto. All other provisions in the Scheduling Order remain in full force as originally issued.

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 31st day of August, 2023.

 Rates and Charges and Revise its Fuel )  
 Factor Pursuant to N.C.G.S. § 62-133.2 )  
 and Commission Rule R8-55 )

NOTICE IS HEREBY GIVEN that the North Carolina Utilities Commission has scheduled a public hearing in the annual fuel charge adjustment cost recovery proceeding for Virginia Electric and Power Company, d/b/a Dominion Energy North Carolina (DENC). The public hearing has been scheduled for Tuesday, November 21, 2023, at 9:00 a.m., in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina. This proceeding is being held pursuant to the provisions of N.C. Gen. Stat. § 62-133.2 and Commission Rule R8-55 for the purpose of determining whether an increment or decrement rider is required to allow DENC to recover all reasonable and prudently incurred fuel and fuel related costs. Public witness testimony will be received in accordance with Commission Rule R1-21(g).

On August 15, 2023, DENC filed its application for approval of its fuel and fuel-related cost recovery pursuant to N.C.G.S. § 62-133.2 and Commission Rule R8-55. By its application, DENC requests that the Commission approve the proposed total fuel factor of 4.5609 cents per kilowatt hour (¢/kWh), to be allocated based on voltage differentiated adjustments, including the base fuel factor, Rider A, EMF Rider B, and EMF Rider B-1. DENC proposes that the total fuel rate for each customer class be set as follows, effective February 1, 2024:

<b>Customer Class</b>	<b>Total</b>
Residential	4.6082 ¢/kWh
SGS & PA	4.6038 ¢/kWh
LGS	4.5713 ¢/kWh
Schedule NS	4.4299 ¢/kWh
6VP	4.4937 ¢/kWh
Outdoor Lighting	4.6082 ¢/kWh
Traffic	4.6082 ¢/kWh

Compared to the current fuel rates, the result of DENC's request would be a decrease of 0.1106 cents per kWh for residential customers, which would decrease the monthly bill of a residential customer using 1,000 kWh of electricity by \$1.10. Small general service and public authority customers would see a fuel rate decrease of 0.1087 cents per kWh, and large general service customers would see a fuel rate decrease of 0.1067 cents per kWh.

Specific information may be obtained from the Office of the Chief Clerk, North Carolina Utilities Commission, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina, where a copy of DENC's application is available for review by the public, and on the Commission's website at [www.ncuc.net](http://www.ncuc.net).
