VIRGINIA ELECTRIC AND POWER COMPANY
Power Contracts (3SE)
5000 Dominion Boulevard
Glen Allen, Virginia 23060-6711

Attention: Scott Gaskill, Director, Power Contracts

Re: QF Quarterly Status Report for the Cornstalk Solar, LLC

Article 7 of the Agreement for Sale of Electrical Output between Virginia Electric and Power Company ("Company") and Cornstalk Solar, LLC ("Operator") dated February 10, 2015 (the "PPA") has a requirement for Operator to provide quarter construction reports prior to the Commercial Operation Date. In lieu of a construction report, Operator is notifying the Company that Operator no longer plans to pursue this project. Operator requests that the PPA be terminated. Please let me know if Operator needs to do anything else to terminate the PPA.

Sincerely,

Georg Veit,
Manager Cornstalk Solar, LLC
