

**STATE OF NORTH CAROLINA
UTILITIES COMMISSION
RALEIGH
DOCKET NO. E-100, SUB 101**

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of		
Petition for Approval of Revisions to)	CCEBA’S AMENDED UNOPPOSED MOTION
Generator Interconnection Standards)	FOR EXTENSION OF TIME TO FILE COMMENTS
)	REGARDING GENERATOR INSPECTION
)	PROVISIONS OF THE NORTH CAROLINA
)	GENERATOR INTERCONNECTION
)	STANDARDS

NOW COMES Carolinas Clean Energy Business Association (“CCEBA”), Intervenor in this Docket, and moves the Commission pursuant to NCUC Rule R1-7(a)(5) for an extension of time to comply with the Commission’s March 9, 2021 Order requesting that parties file comments as to the Parties “concerns regarding the inspection of the Uninspected Facilities” on or before March 19, 2021, with reply comments due on or before March 31, 2021. CCEBA respectfully requests a 10-day extension on each comment deadline, so that comments would be due on or before March 29, 2021 and reply comments would be due on or before April 12, 2021.

In support of this amended motion, undersigned counsel states that the press of business before this Commission in several dockets, as well as dockets in South Carolina with approaching deadlines make the Commission’s original date for comments difficult to meet. In addition, undersigned counsel is scheduled to be out of town on a long-planned family trip from March 18 – 22, 2021.

Undersigned counsel has consulted with counsel for Duke Energy Progress, LLC and Duke Energy Carolinas, LLC, the North Carolina Sustainable Energy Association, the Public Staff, and for the Interstate Renewable Energy Council. All parties have consented to this request.

Respectfully requested, this 15th day of March, 2021.
