DOCKET NO. E-2, SUB 1344

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of

Application of Duke Energy Progress, LLC,	)	ORDER SCHEDULING HEARING,
for Approval of CPRE Program Cost	)	ESTABLISHING PROCEDURAL
Recovery Rider Pursuant to N.C.G.S.	)	AND FILING REQUIREMENTS, AND
§ 62-110.8 and Commission Rule R8-71	)	REQUIRING PUBLIC NOTICE

BY THE CHAIR: North Carolina General Statutes Section 62-110.8 requires Duke Energy Carolinas, LLC (DEC), and Duke Energy Progress, LLC (DEP) (together, Duke), to file for Commission approval a program for the competitive procurement of energy and capacity from renewable energy facilities with the purpose of adding renewable energy to the State's generation portfolio in a manner that allows the State's electric public utilities to continue to reliably and cost-effectively serve customers' future energy needs (CPRE Program). Further, N.C. Gen. Stat. § 62-110.8(h) permits Duke to recover its CPRE Program costs through an annual rider established pursuant to N.C.G.S. § 62-110.8(g).

Commission Rule R8-71(j) provides that the Commission will schedule an annual hearing to review each public utility's application for recovery of costs reasonably and prudently incurred and anticipated to be incurred by the electric public utility to comply with the requirements of N.C.G.S. § 62-110.8 and will permit each electric public utility to charge an increment or decrement as a rider to its rates to recover in a timely manner those costs. Further, Commission Rule R8-71 establishes, consistent with N.C.G.S. § 62-110.8, detailed requirements for calculation of costs incurred to comply with the CPRE Program including the limit in the annual increase in the aggregate amount of costs incurred to comply with the CPRE Program that was enacted at N.C.G.S. § 62-110.8(g).

On June 11, 2024, DEP filed its application for approval of the CPRE Program rider pursuant to N.C.G.S. § 62-110.8 and Commission Rule R8-71. By its application, DEP requests a CPRE Program rider effective for service rendered during the twelve-month period beginning December 1, 2024 and ending on November 30, 2025. DEP requests to give back to DEP's North Carolina retail customers, through the CPRE EMF rider (\$2,859,317) related to the actual CPRE costs incurred and other credits for the test period. DEP also requests to collect \$5,204,706 for CPRE costs projected to be incurred during the period from December 1, 2024 through November 30, 2025. If approved by the Commission, DEP's proposed composite CPRE factors (excluding regulatory fees) would result in an increase of the current rates of all customer classes with the amount of the increase varying for different customer classes effective December 1, 2024. If DEP's proposed rider is approved by the Commission, customers will see the following net

increase/(decrease) (excluding regulatory fees): Residential: (0.007 ¢/kWh); Small General Service: 0.014¢/kWh; Medium General Service: (0.010¢/kWh); Large General Service: (0.007¢/kWh); and Lighting: 0.000 ¢/kWh.

The Commission finds good cause to issue the present Order scheduling this matter for hearing for the purpose of receiving public and expert witness testimony, establishing procedural and filing requirements, and requiring public notice. The guidelines regarding discovery in this docket, subject to modification for good cause shown, are as follows:

1. Any deposition shall be taken before the deadline for the filing of the Public Staff and other intervenor prefiled direct testimony. Notice of deposition shall be served on all parties at least seven calendar days prior to the taking of the deposition. Notice of deposition and all other discovery notices, requests and motions shall be served on the appropriate parties by hand delivery or facsimile, or by electronic delivery if the receiving party has agreed to receipt by electronic delivery.

2. Any motion for subpoena of a witness to appear at the expert witness hearing shall be filed with the Commission before the deadline for the filing of the Public Staff and other intervenor testimony, shall be served on the person sought to be subpoenaed at or before the time of filing with the Commission, and shall make a reasonable showing that the evidence of such person will be material and relevant to an issue in the proceeding. See N.C.G.S. § 62-62. Unless an objection is filed, the Chief Clerk shall issue the requested subpoena within one business day after such a motion is filed.

3. Formal discovery requests related to the application and DEP's prefiled direct and supplemental testimony shall be served on DEP not later than 14 business days prior to the deadline for filing of Public Staff and other intervenor testimony. The party served shall have up to ten calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than ten business days prior to the deadline for filing of Public Staff and other intervenor testimony.

4. Formal discovery requests related to the Public Staff and other intervenors' prefiled direct testimony shall be served not later than three business days after such testimony is filed. The party served shall have up to three calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than five business days after that party's testimony was filed.

5. Formal discovery requests related to DEP's prefiled rebuttal testimony shall be served not later than two business days after such testimony is filed. The party served shall have up to two calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than three business days after DEP's rebuttal testimony was filed. Discovery related to rebuttal testimony shall be limited to new material introduced in such rebuttal testimony and will

be carefully scrutinized upon objection that such discovery should have been sought during the initial period of discovery.

6. Discovery requests need not be filed with the Commission when served; however, any party filing objections shall attach a copy of the relevant discovery request to the objections. Each discovery request, or part thereof, to which no objection is filed shall be answered by the time objections are due, subject to other agreement of the affected parties or other order of the Commission. Upon the filing of objections, the party seeking discovery shall have two business days to file with the Commission a motion to compel, and the party objecting to discovery shall have one business day thereafter to file a response. All objections, motions to compel, and responses shall be served on the other affected party at or before the time of filing with the Commission.

7. A party shall not be granted an extension of time to pursue discovery due to that party's late intervention or other delay in initiating discovery.

The Chair urges all parties to work in a cooperative manner and to attempt to accommodate discovery within the time available. Discovery in most proceedings before the Commission is typically conducted without the need for Commission involvement or enforcement of the guidelines. The guidelines established in this Order are without prejudice to the parties' conducting informal discovery or exchanging information by agreement at any time with the understanding that such will not be enforceable by the Commission if outside the guidelines.

IT IS, THEREFORE, ORDERED as follows:

1. That a hearing for the purpose of receiving public and expert witness testimony on DEP's annual CPRE Program rider shall be, and is hereby, scheduled to be heard along with DEP's other 2024 rider proceedings, which are scheduled to begin at 1:00 p.m. on Monday, September 16, 2024, in Commission Hearing Room 2115, Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina;

2. That the parties shall comply with the discovery guidelines established herein;

3. That petitions to intervene in this proceeding shall be filed pursuant to Commission Rules R1-5 and R1-19 not later than August 26, 2024;

4. That the Public Staff and other intervenors' direct testimony and exhibits shall be filed on or before August 26, 2024;

5. That DEP's rebuttal testimony and exhibits, if any, shall be filed on or before September 4, 2024;

6. That all parties filing supporting exhibits in either PDF or Excel format shall provide the Commission Staff electronic versions of the exhibits filed in native Excel format via email at [NCUCexhibits@ncuc.gov](mailto:NCUCexhibits@ncuc.gov), including all of the supporting worksheets

and formulas, within three days of the filing of such exhibits (or within three business days of the issuance of this order if already filed with the Commission). That DEP and all other parties filing exhibits and workpapers that include tables of numbers and calculations shall provide the Public Staff and any other party upon request an electronic version of all such exhibits and workpapers, with formulas intact;

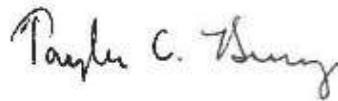

7. That DEP shall publish the Notice attached hereto as Appendix A in a newspaper or newspapers having general circulation in its service area once a week for two successive weeks beginning at least 30 days prior to the hearing; and

8. That DEP shall file affidavits of publication on or before the date of the hearing.

ISSUED BY ORDER OF THE COMMISSION.

This the 5th day of July, 2024.
