Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas. Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Sincerely,

bill fleming

I don't think so.

Please, stop selling our land. Please stop selling our water.

Please stop selling NC to the corporations.

Dear Commission,

I am writing to object to the proposed merger between Duke Energy & Piedmont Natural Gas.

North Carolina needs more and not less competition in the energy sector. It's ironic that in a country that supposedly loves free market, we have a total dominance of one company (Duke Energy).

Also, we deserve cleaner and cheaper energy options, which competition is more likely to provide.

Please reject this proposed deal! It's bad for business, bad for the future of North Carolina, and bad for our democracy.

Sincerely,

Pawel Karendys

Save NC from costs to our health and environment by not supporting dangerous methane gas. North Carolinians deserve cleaner and cheaper energy options--not more pipelines, fossil fuels, and fracked gas.

PLEASE STOP THE GROWING MONOPOLY that will be created by Duke Energy's purchase of Piedmont Natural Gas. Didn't our forefathers warn us about monopolies? We made the mistake of allowing health care systems to monopolize and after 20 years are just now backpedaling. How much more crucial is it that we NOT allow monopolies in our energy sector which is so vital? Lisa Rudisill Charlotte candidate Board of Soil & Water Conservation
