

Ms. M. Lynn Jarvis, Chief Clerk
North Carolina Utilities Commission
4325 Mail Service Center
Raleigh, NC 27699-4325

RE: Docket No. E-100, Sub 150

Dear Ms. Jarvis:

I am the owner of Spray Cotton Mills Hydroelectric facility, licensed by this Commission in docket SP-107, Sub1; SP-107, Sub 2; and SP-412, Sub2. I have a direct interest in the outcome of this docket and therefore petition to be allowed to intervene in Docket E-100, Sub 150 in accordance with Rule R1-19 of the Commission's Rules and Regulations.

- 1) My contact information is:

Mark W. Bishopric
PO Box 3207
Eden, NC 27289

markb@irvineriver.com

- 2) I am not represented by any attorney or any other party.
- 3) The power generated at the Spray Cotton Mills Hydroelectric facility is currently sold to Duke Energy Carolinas under the wholesale rates or procedures established by this Commission. This docket deals with the newly enacted G.S. 62-110.8 for the competitive procurement of energy and capacity from the renewable energy facilities. Particularly with the recent changes in G.S.62-156, I may need to consider the competitive procurement program for sale of energy and capacity to Duke Energy. I wish to intervene in order to be aware of the rules and regulations that are proposed by the parties, and to provide information for consideration by the Commission in establishing the final rules and regulations.
- 4) I request that the Commission allow my intervention and full participation in this docket.
- 5) I will accept electronic service of all filings in this docket.

Sincerely,

Mark W. Bishopric
