In the Matter of

) REQUIRING FILING OF TESTIMONY,  
) ESTABLISHING DISCOVERY  
) GUIDELINES, AND REQUIRING  
) PUBLIC NOTICE  
)

BY THE COMMISSION: Pursuant to N.C. Gen. Stat. § 62-133.2, the Commission is required to conduct annual fuel charge adjustment proceedings for electric utilities engaged in the generation or production of electricity by fossil or nuclear fuels. Commission Rule R8-55 provides that the fuel charge adjustment proceeding for Virginia Electric and Power Company, d/b/a Dominion Energy North Carolina (DENC or Applicant), will be held the third Tuesday of November each year and that DENC shall file its direct testimony and exhibits and shall publish notice prior to the hearing.

On August 11, 2020, DENC filed an application in the above-captioned proceeding. The Commission is of the opinion that good cause exists to schedule a hearing on the application.

The guidelines regarding discovery in this docket, subject to modification for good cause shown, are as follows:

1. Any deposition which a party desires to take shall be taken before the deadline for filing of Public Staff and intervenor testimony. Notice of deposition shall be served on all parties at least seven days prior to the taking of the deposition. Notice of deposition and all other discovery notices, requests and motions shall be served on the appropriate parties by hand delivery or facsimile, or by electronic delivery if the receiving party has agreed to receipt by electronic delivery.

2. Any motion for subpoena of a witness to appear at the evidentiary hearing shall be filed with the Commission before the deadline for filing of Public Staff and intervenor testimony, shall be served by hand delivery or facsimile to the person sought to be subpoenaed at or before the time of filing with the Commission, and shall make a reasonable showing that the evidence of such person will be material and relevant to an issue in the proceeding. See N.C.G.S. § 62-62. Unless an objection is filed, the Chief Clerk shall issue the requested subpoena 24 hours after such motion is filed.

3. Formal discovery requests related to the application and the Applicant's prefiled direct testimony shall be served on the Applicant not later than fourteen days prior to the deadline for filing of Public Staff and intervenor testimony. The party served shall have up to ten calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than ten days prior to the deadline for filing of Public Staff and intervenor testimony.

4. Formal discovery requests of the Public Staff or intervenors shall be served not later than three days after such testimony is filed. The party served shall have up to three calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than five days after that party's testimony was filed.

5. Formal discovery requests related to the Applicant's prefiled rebuttal testimony shall be served on the Applicant not later than two days after such testimony is filed. The party served shall have up to two calendar days to file with the Commission objections to the discovery requests on an item-by-item basis, but in no event shall objections be filed later than three days after the rebuttal testimony was filed. Discovery related to rebuttal testimony shall be limited to new material introduced in such rebuttal testimony and will be carefully scrutinized upon objection that such discovery should have been sought during the initial period of discovery from the Applicant.

6. Discovery requests need not be filed with the Commission when served; however, any party filing objections shall attach a copy of the relevant discovery request to the objections. Each discovery request, or part thereof, to which no objection is filed shall be answered by the time objections are due, subject to other agreement of the affected parties or other order of the Commission. Upon the filing of objections, the party seeking discovery shall have two days to file a motion to compel with the Commission, and the party objecting to discovery shall have one day thereafter to file a response. All objections, motions to compel, and responses shall be served on the other affected party at or before the time of filing with the Commission.

7. A party shall not be granted an extension of time to pursue discovery because of that party's late intervention or other delay in initiating discovery.

The Commission recognizes that in the past most discovery has been conducted in an informal manner without the need for Commission involvement or enforcement, and that such has been generally successful. The above guidelines are without prejudice to the parties conducting informal discovery or exchanging information by agreement at any time with the understanding that such will not be enforceable by the Commission if outside the guidelines.

IT IS, THEREFORE, ORDERED as follows:

DENC filed an application and testimony relative to the subject matter of this proceeding on August 11, 2020. According to its application, DENC is requesting a total annual fuel revenue decrease of approximately \$15.4 million from the fuel and fuel-related costs currently in effect. Further, DENC proposes to make the fuel revenue decrease effective for service on and after February 1, 2021.

DENC's proposed fuel revenue decrease, including regulatory fee, would result in the following decreases for DENC's customers: 0.395 cents per kilowatt-hour (kWh) for residential, outdoor lighting and traffic lighting customers; 0.394 cents per kWh for small general service and public authority customers; 0.390 cents per kWh for large general service customers; 0.355 cents per kWh for rate schedule NS customers; and 0.407 cents per kWh for rate schedule 6VP customers. The net effect of this request would decrease the monthly bill of a residential customer using 1,000 kWh of electricity by \$3.95.
