Clerk's Office  
N.C. Utilities Commission

To The NC Utilities commission,

I have watched the progress of solar energy development over the decades and I applaud the efforts of NC WARN, EARTH JUSTICE and other organizations as they move forward with alternative energy sources. On the other hand I'm continually frustrated watching Duke Energy dragging it's feet, ignoring the eminent danger of climate change and proposing minimalist solar programs that are designed to fail. Please pull the plug on this one.

Sincerely,  
Alexander Weiss
