BY THE CHAIR: On January 12, 2021, the Commission issued an Order Requesting Comments in the above-captioned docket, with petitions to intervene and initial comments to be filed on or before February 12, 2021 and reply comments on or before February 26, 2021. On January 21, 2021, the Commission issued an Order Granting Petition to Intervene by Duke Energy Progress, LLC (DEP).

On February 5, 2021, DEP filed a motion requesting that the date to file initial comments be extended to February 26, 2021, and for reply comments to March 12, 2021. In summary, Sunstone's production of documents to DEP's First Data Request and Request for Production of Documents is ongoing. DEP states that the extension is necessary due to the time constraints with ongoing proceedings before the Commission, the complex issues of federal law raised in the Petition, and the ongoing discovery between the parties. Finally, counsel for DEP states that they have spoken with counsel for Sunstone and the Public Staff, and that each consent to the requested extension.

After careful consideration, the Chair finds good cause to grant the motion and to extend the date for filing initial comments in this proceeding to February 26, 2021, and for reply comments to March 12, 2021.

IT IS, THEREFORE, SO ORDERED.

ISSUED BY ORDER OF THE COMMISSION.

This the 9th day of February, 2021.
