NCSEA’S MOTION FOR EXTENSION OF TIME

NOW COMES the North Carolina Sustainable Energy Association (“NCSEA”) pursuant to Commission Rule R1-7 and move the North Carolina Utilities Commission (“Commission”) for a one-week extension of time through and including Monday, January 29, 2018, for parties to file initial comments regarding proposed modifications to the North Carolina Interconnection Procedures, Forms, and Agreements (collectively, the “NC Interconnection Standard”). In support of this motion, NCSEA shows the Commission as follows:

1. The Commission’s December 20, 2017 *Order Requesting Comments* directed interested parties to file initial comments regarding the proposed modifications to the NC Interconnection Standard contained in the December 15, 2017 filing by the North Carolina Utilities Commission-Public Staff (“Public Staff”) on or before January 22, 2018 and to file reply comments on or before February 23, 2018.
2. NCSEA has worked diligently on its initial comments, but inclement weather and the press of other business has resulted in a need for additional time to finalize its filing.
3. For the foregoing reason, NCSEA requests a one-week extension of time for parties to file their initial comments. The undersigned counsel has contacted counsel for all parties of record that were involved in the interconnection stakeholder process

regarding this motion via telephone and/or electronic mail, and none have advised that they object to this motion.

WHEREFORE, NCSEA respectfully requests that the Commission grant this Motion for a one-week extension of time through and including Monday, January 29, 2018, for parties to file initial comments regarding proposed modifications to the NC Interconnection Standard and grant such further relief as the Commission deems just and proper.

Respectfully submitted, this the 18th day of January, 2018.
