BEFORE THE NORTH CAROLINA UTILITIES COMMISSION
DOCKET NO. M-100, SUB 163

In the Matter of: Investigation Regarding the Ability of North Carolina’s Electricity, Natural Gas, and Water/Wastewater Systems to Operate Reliably During Extreme Cold Weather

NCSEA’S PETITION TO INTERVENE

Pursuant to North Carolina Utilities Commission (“Commission”) Rules R1-5, R1-7, and R1-19, the North Carolina Sustainable Energy Association (“NCSEA”) hereby petitions to intervene in the above-referenced docket. In support of this petition, NCSEA states as follows:

1. NCSEA is a non-profit corporation formed under the laws of North Carolina, with individual, business, and government members located across the State. NCSEA’s mission is to promote a sustainable future through the use of renewable energy and energy efficiency programs. NCSEA seeks to achieve its objectives by advocating for public policies that encourage the responsible technological and market development of renewable energy and energy efficiency, including all aspects of demand side management, a smart grid, energy storage, and vehicle electrification.

2. NCSEA’s membership includes wind energy developers and component manufacturers. The Public Staff’s Petition for Investigation Regarding the Reliability and Integrity of the Electric Grid in North Carolina (“Petition”) filed in Docket No. E-100, Sub 173 on May 18, 2021 states that “All types of thermal generation experienced forced outages, including natural gas, coal, and nuclear plants, as well as utility scale onshore
wind.” Petition at 1. The Petition goes on to state that “the blades of wind turbines froze.” Petition at 3.

3. The Commission’s Order Opening Investigation, Scheduling Technical Conferences, Requiring Responses, and Allowing Comments and Reply Comments in the above-captioned docket further seeks to investigate the import capabilities of North Carolina’s investor-owned electric utilities. NCSEA has previously advocated for additional import capabilities. See, Docket Nos. E-100, Sub 157 and E-100, Sub 165.

4. NCSEA’s participation in this docket will bring critical insight, knowledge, and understanding to the proceeding.

5. NCSEA’s address is 4800 Six Forks Road, Suite 300, Raleigh, NC 27609. All correspondence related to this proceeding should be addressed to:
