NCSEA’S PETITION TO INTERVENE

Pursuant to North Carolina Utilities Commission (“Commission”) Rules R1-5, R1-7, and R1-19, the North Carolina Sustainable Energy Association (“NCSEA”) hereby petitions to intervene in the above-referenced docket. In support of this petition, NCSEA states as follows:

1. NCSEA is a non-profit corporation formed under the laws of North Carolina, with individual, business, and government members located across the State. NCSEA’s mission is to promote a sustainable future through the use of renewable energy and energy efficiency programs. NCSEA seeks to achieve its objectives by advocating for public policies that encourage the responsible technological and market development of renewable energy and energy efficiency, including all aspects of demand side management, a smart grid, energy storage, and vehicle electrification.

2. NCSEA actively involved in the development of House Bill 951 (S.L. 2021-165) and has a direct interest in seeing the policies and goals of the session law implemented in a manner consistent with legislative intent.

3. NCSEA's members are not only customers of electric service providers, including Duke Energy Carolinas, LLC and Duke Energy Progress, LLC, they are also proponents of renewables-based generation and energy efficiency. As such, they have a strong interest
in the rates and charges for electricity in this State, including the mechanics of ratemaking
and implementation of the retirement of coal generation facilities.

4. NCSEA's interest in coal retirement and the future of generation in the state has
been recognized by the Commission. See, e.g., Docket No. E-2, Sub 1142 (Duke Energy
Progress, LLC’s 2017 general rate case); Docket No. E-7, Sub 1146 (Duke Energy
Carolinas, LLC’s 2017 general rate case); Docket E-2, Sub 1219 (Duke Energy Progress,
LLC’s 2019 general rate case); Docket E-7, Sub 1214 (Duke Energy Carolinas, LLC’s
2019 general rate case); Docket E-100, Sub 157 (2018 Integrated Resource Plan Docket);
and, Docket E-100, Sub 165 (2020 Integrated Resource Plan Docket). NCSEA has also
been involved in dozens of other dockets and stakeholder groups which discuss, either
directly or indirectly, the future of generation in the state.

5. NCSEA’s participation in this docket will bring critical insight, knowledge, and
understanding to the proceeding.

6. NCSEA’s address is 4800 Six Forks Rd, Suite 300, Raleigh, NC 27609. All
correspondence related to this proceeding should be addressed to:
