**Re: Duke Energy Progress, LLC's Monthly Report Required by Orders
Dated November 4, 1979 and February 7, 1995
Docket No. M-100, Sub 61A**

Dear Ms. Campbell:

Pursuant to amended ordering paragraph six of the referenced orders, Duke Energy Progress, LLC ("DEP" or the "Company") is filing a report for the month of March 2020, as follows:

Total Number of Residential Disconnections for Non-Payment: 4,021.

The Company voluntarily announced on March 13, 2020 that due to the COVID-19 pandemic's impact on its customers, it would suspend disconnections of electric utility service due to non-payment. The Company also remains in compliance with both Executive Order No. 124, issued March 31, 2020, which suspends utility service disconnections for non-payment, and the Commission's March 19, 2020 *Order Suspending Utility Disconnections for Nonpayment, Allowing Reconnection, and Waiving Other Fees*, issued in Docket No. M-100, Sub 158. As such, the total number of residential disconnections shown above does not reflect any disconnections for non-payment after March 13, 2020.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Kendrick C. Fentress
